

PREMIER EARTHWORKS & INFRASTRUCTURE, INC
EXCAVATION, DEVELOPMENT AND INFRASTRUCTURE

June 29, 2015

To All Home Owners & Residents:

Please be advised that PEI will be constructing a new Water Main on Kinnikinnick Road for Columbine Lake Water District. Construction will begin at the intersection of Western Road & Kinnikinnick Road on Monday July 6th and will continue South on Kinnikinnick Road through the end of October. During construction, Kinnikinnick Road will remain open with minimal detours and closures to ensure a safe work environment to the public. Additional information will be provided to you throughout the construction period, and when the work is near your home.

Please bear with us as PEI will do our very best to work with you and minimize any inconvenience. As part of the construction process, your water service will be reconnected to the new water main. We will contact you within 48 hours to notify you of any work being performed on your water service.

Please feel free to contact us with any concerns at 303.993.6349.

You may also contact the Project Engineer, Emily Allen with Kennedy/Jenks Consultants at 720-744-2201, or Sally Blea, the District Manager, at 970-627-3683 if you have any questions about the project.

Thank you,

Premier Earthworks & Infrastructure, Inc.
